

# Perl<sup>™</sup> Mongers

The three virtues of Perl  
programmers: laziness,  
impatience, hubris.

<http://omaha.pm.org>

In Omaha and around the world  
Perl is used for websites, databases,  
system administration, network  
programming, text processing,  
graphics, and much, much more...

"Perl makes easy things easy,  
and hard things possible."

-Larry Wall, creator
